22 April 2009

Dear Lizzie,

On behalf of all of us at CHILDREN with LEUKAEMIA, thank you for your very kind donation of £570.00 raised from the auction held at the end of season dinner for Cheam Hockey Club. We are truly very grateful for your support of our vital work. Please pass on our thanks to all the members and those who attended the evening for their kindness and generosity.

Leukaemia is the most common childhood cancer and only fifty years ago a diagnosis of leukaemia was tantamount to a death sentence for a child. Remarkably, four out of five affected children now survive but the powerful, intensive treatments can themselves cause severe problems in the youngsters whose lives they save.

CHILDREN with LEUKAEMIA is Britain's leading charity dedicated to the conquest of this devastating disease. Not only do we fund ground-breaking research into the development of more effective, yet kinder, treatments but we have a worldwide programme of research investigating the underlying causes of the disease. We hope that one day it may be possible to prevent leukaemia altogether.

Once again, please accept our warmest thanks; we really do appreciate your kindness and support.

Kind regards,

Yvonne Dugera
